EXAMINATION: IMPORTANT NOTICE TO APPLICANTS. READ CAREFULLY. No written or oral examination will be required. Applicants will be scored on the basis of an evaluation of their education, training, experience and personal qualifications as outlined by the candidates' sworn statements in their application, upon corroborative evidence obtained by investigation and the applicants' response to the SUPPLEMENTAL QUESTIONNAIRE FORM. Applicants must provide all background information and supportive documents as requested on the application form and job announcement.

MINIMUM QUALIFICATION REQUIREMENTS: Graduation from a standard senior high school, or the successful completion of the General Educational Development (GED) test, and a minimum of one year's experience at the level of a Treatment Plant Operator Trainee; or a combination of education and experience equivalent to these requirements.

SPECIAL REQUIREMENT: Mobile, Prichard and Saraland - possession of a Grade III Certificate in Water or Wastewater Treatment, preferably both, except for assignment to the Stickney Filtration Plant (Moffat Road) and the Myers Filtration Plant (Hubert Pierce Road) which requires a Grade IV Water Certificate. Bayou La Batre - possession of a Grade II Certificate in Water Treatment or Grade III Certificate in Wastewater Treatment. Other smaller jurisdictions require possession of a Grade II Certification in Water or Wastewater Treatment or both. Must possess a valid driver's license from state of residence.

KIND OF WORK: This is routine work in operating a wastewater or water treatment plant and allied appurtenances while on an assigned shift.

ESSENTIAL REQUIREMENTS OF THE WORK: Good knowledge of the principles, practices, materials and equipment used in water filtration or wastewater treatment plants; good knowledge of the principles and practices involved in the operation of large electric motors, pumps, chemical feeders and other electrical and mechanical equipment; good knowledge of laboratory procedures; some knowledge of mechanical and electrical maintenance and of equipment and tools used for such maintenance; ability to diagnose and remedy abnormalities in the routine operation of mechanical, electrical and hydraulic equipment; ability to operate machinery and equipment; ability to read meters and charts accurately; ability to maintain records and reports; ability to understand and follow detailed laboratory and plant operating procedures; ability to perform mathematical computations rapidly and accurately; ability to work under dangerous conditions; ability to operate automotive and other equipment; ability to establish and maintain effective working relationships with employees, dischargers and the general public.

RESIDENCE REQUIREMENTS: There are NO residence requirements in order to apply. Applicants must bear all expenses incurred in reporting for testing or appointment. Upon appointment, the law gives the right to each Appointing Authority (Employer) to fix any further legal requirements regarding residence.

NOTE: THIS EXAMINATION ANNOUNCEMENT AUTOMATICALLY CANCELS EXAMINATION NO. 12678 ISSUED 07-27-09.

FINAL DATE FOR FILING APPLICATION: Applications should be returned as soon as possible. In the event of tied scores, Rule 8.1 dictates that ties will be broken by the order in which applications are filed. There is NO predetermined final closing date. Applications will be received until further notice.
